STATED CLERK

GROVER CRAWFORD
TREASURER

Dear Friends,

The New Form Government goes into effect on July 11, 2011. This means that your congregation and session will need to vote on some items, and some of your official documents will need to be revised to reflect current terminology. Until you have a chance to make these changes you will abide by the provisions of the Old Form of Government.

The New Form of Government allows more freedom to develop policies that meet Presbyterian standards and fit the local situation. However, it also requires us to address some issues that we sometimes let slide! The file bellow lists the items that need to be addressed and my suggestions. If you have further questions, do not hesitate to give me a call (321-443-5889).
