

SHORT TERM MISSION MEDICAL INSURANCE

Medical Insurance is an absolute necessity for a short term mission outside the United States. Most in-country medical facilities are less adequate than we would expect and it is usually difficult to find fee for service providers. Evacuation home for emergency medical treatment is always expensive and complicated. All these problems can be greatly alleviated by purchasing inexpensive group medical insurance to provide coverage for your members during short term missions.

There are dozens of providers and policy coverages - just google "mission group medical insurance" or, for an excellent sample of what's available, go to:

www.TravelersMed.com

Please don't construe mention of this particular website as an endorsement but a five minute visit will educate you and your fellow missionaries as to just what is available as to cost and coverage. Don't forget to read the coverage terms of any policy brochure carefully to make sure that you and your group understand exactly what risks are covered.
