

MORE THAN ENOUGH

I thought that it was up to me, the worthiness You see
Defined by all the things I do, I would make it through
Climb the ladder, put in the time
And everything will be just fine
You realize it doesn't work like that

You are more than enough
When it feels like I'm lost, can't find my way up
Got fear in my heart and it's all too much
Still You're more than enough, more than enough for me

It took a while to finally see, the burden I carry
Wearing it like a prized gem I won't let go
Grace is hard to realize
Forgiving yourself is the hardest kind
I'm enough because of Your love for me

You are more than enough
When it feels like I'm lost, can't find my way up
Got fear in my heart and it's all too much
Still You're more than enough, more than enough for me

High voices	Low voices
It's not the likes that you get	It's not the people that you know
It's not the grades that you make	It's not the zip code where you live
It's not because you try so hard	To make it better by yourself

All
God's love is always there
To let you know that

You are more than enough
When it feels like I'm lost, can't find my way up
Got fear in my heart and it's all too much
Still You're more than enough, more than enough...

You are more than enough, more than enough
When it feels like I'm lost, can't find my way up
Got fear in my heart and it's all too much
Still You're more than enough, more than enough
More than enough, more than enough for me
